KUMARA FAWWAS ABHISTA

081226826922 | kumarafawwas@gmail.com | Banjarnegara, Jawa Tengah, Indonesia

SUMMARY

Fresh Information Systems graduate from Universitas Ahmad Dahlan with a strong interest in Web Development. Experienced as a Frontend Developer in a Capstone Project and as a Full Stack Developer for a web-based Student Admission Information System (PPDB) developed as a final thesis project. Proficient in building modern web applications using JavaScript, TypeScript, Next.js, Vue.js, SQL, and modern development tools such as Git, GitHub, and Postman. Passionate about continuous learning, collaborative problem solving, and delivering high-quality web applications.

PROFESSIONAL EXPERIENCE

Teaching Assistant **Oct 2025 – Jan 2026**
Universitas Ahmad Dahlan

- Assisted lecturers in Statistics & Probability and IT Infrastructure laboratory courses.
- Guided students during laboratory sessions and practical assignments.
- Utilized Google Colab and Python for Statistics & Probability practical sessions, and Node.js with New Relic for IT Infrastructure laboratory activities.
- Assisted in laboratory preparation, grading, and learning activities.

Frontend Developer (Capstone Project) **Mar 2025 – Jul 2025**

- Developed the frontend of a web-based Student Admission Information System (PPDB) for a junior high school.
- Collaborated with backend developers to implement responsive and user-friendly interfaces.
- Participated in testing and system improvement before deployment.

PROJECTS

Web-Based Student Admission Information System for SMK Panca Bhakti Rakit **Jan 2026 – Jun 2026**

Full Stack Developer

- Designed and developed a complete web-based student admission system as a final thesis project.
- Built both frontend and backend functionalities.
- Developed admission workflows including registration, document verification, selection, and announcement
- Designed relational databases using PostgreSQL/MySQL.
- Developed REST APIs and integrated frontend with backend services.

Web-Based Student Admission Information System for CAPSTONE PROJECT **Feb 2025 –Jul 2025**

Frontend Developer

- Developed responsive frontend interfaces.
- Worked closely with backend developers to integrate application features.
- Improved usability and user experience across multiple devices.

Personal Web Development Projects

- Built several independent web applications to strengthen practical development skills.
- Developed projects using Next.js, Vue.js, JavaScript, TypeScript, SQL, Bootstrap, and Git.

TECHNICAL SKILLS

- **Programming Languages** : JavaScript, TypeScript, SQL, PHP
- **Frontend** : HTML, CSS, Bootstrap, Next.js, Vue.js
- **Backend** : Node.js (Express.js), Laravel
- **Database** : MySQL, PostgreSQL
- **Tools** : Git, GitHub, Postman

EDUCATION

Universitas Ahmad Dahlan **Sep 2022 – Jun 2026**

Bachelor of Information Systems

- Graduated in 8 semesters
- GPA: **3.71 / 4.00**

ADDITIONAL INFORMATION

Organization

Information Systems Student Association (2024 – 2025)

Literature & Development Division

- Organized study clubs for Information Systems students.
- Conducted learning sessions on: Web Development, UI/UX Design, Business Analysis

Leadership

Chairperson – FIPEX 2024

- Led the planning and execution of the university innovation exhibition.

Awards

Best Technical Excecution – FIPEX 2025

- Awarded for developing an outstanding innovation project during the Capstone Program.
